May 27, 2020

11:00 AM TO 1:00 PM, Central Time

APPLICATION OF NEC DEFINITIONS FOR: SERVICES, FEEDERS, BRANCH CIRCUITS, & TAPS

CEU'S AVAILABLE

To provide the safest environment for electrical training, a partnership of IAEI, Central Alabama Division and Schneider Electric offer this virtual education program.

Registration Notes

Register at: [Registration Link](#)

- To register, you must complete the following fields: name, address, email address, employer, and title.
- A variety of individuals typically attend Central Alabama Division training for various reasons. The Division reports to both IAEI and the Alabama Electrical Contractors Board and

each of those organizations have different reporting requirements. If you would like to attend, but do not need that credit, you are not required to complete those fields.

- IAEI is a preferred ICC education provider.
- To assist IAEI with record keeping, provide your IAEI membership number, if you are a member.
- For Alabama Electrical Contractor License credit, provide license number and last four digits of SS #
- As this “virtual training” is new and unique for the IAEI, Central Alabama Division, registration is open to any electrical industry individual at no cost.
- You will see several fields on the registration that may be new, but I trust this will be a great opportunity for training.
